

# Expert Witness Directory

## 2024

# Welcome

Welcome to the August 2024 edition of the Law Society's Expert Witness Directory. The directory provides details of experienced experts who can provide essential technical analysis and opinion evidence in court and reports. All our listed individuals and companies have demonstrated experience and ability in providing expert witness services through an application process and professional references and have agreed to our code of practice. Many also have specific training in report writing and giving evidence in court.

If you need more in-depth information about any of the experts, you will be able to find their full profile detailing qualifications and experience in our recently improved [online directory](#).

We welcome any suggestions you may have for areas of expertise that you would like to see represented in the directory, or indeed recommendations of experts that you have worked with who may benefit from joining it. You can contact us at [expertwitness@lawscot.org.uk](mailto:expertwitness@lawscot.org.uk)

**For the most up to date information, search the online directory now**

# Expert Witness Directory A-Z
